### **DISTRICT OWI/PAC SENTENCING GUIDELINES COMMITTEE:**

Hon. J. Arthur Melvin III, Waukesha Co., Chairman  
Hon. James Muehlbauer, Washington Co.  
Hon. William V. Gruber, Jefferson Co.  
Hon. Steven Cain, Ozaukee Co.  
Hon. Brian Pfitzinger, Dodge Co.

## SENTENCE OPTIONS/ALTERNATIVES

### Alcohol Assessment and Driver Safety Plan. (All offenses)

- Court may order the safety plan to include effect on any victim or victim's family. (All offenses)
- Court may order community service work that demonstrates adverse effects of abuse (and a reasonable fee). (All offenses)
- Court may order a visit to a site that demonstrates adverse effects of abuse (and a reasonable fee). (All offenses)
- Court must order community service to pay off fine, if a finding is made that there is an inability to pay.
- Court may also order restitution. (All offenses)
- Court may, after a finding of inability to pay, reduce the costs or forfeiture and order the person to pay the difference toward the cost of the alcohol assessment and driver safety plan. (All offenses)

IGNITION INTERLOCK OF OWNED VEHICLE (IID). Required for all offenses except for 1<sup>st</sup> offense with BAC under .15. Note: IID may start/end on a different date than revocation as revocation period is extended by any imprisonment imposed. 343.30(1r). (The law provides for reduced cost of installation if defendant is found to be indigent.). Court may order a motor vehicle owned and operated by a violator to be seized and forfeited. (3rd offense and above only)

PROBATION: Probation may be ordered in some OWI/PAC cases. However, because it is not a “sentence” the law does not require guidelines relating to probation (346.65(2m)). In probation cases, it is suggested that a longer stayed sentence be paired with a shorter conditional time in jail. Conditional jail time in OWI/PAC cases do earn good time (973.09(1)). In-any-event, conditional time must be equal to at least the mandatory minimum jail sentence.

RESTRICTED/CONTROLLED SUBSTANCE CASES (RCS): Restricted Controlled Substances Offenses have been broken into two columns. The committee in November of 2023 recognizing the increase in Opioid related RCS and the very dangerous nature of the increase of Opioid related accidents, and the effect of Opioids on a driver being similar to high BAC cases, agreed it would be appropriate to treat Opioid RCS cases like the highest level of BAC cases. It is the intent of the committee for this new column to be used for Heroin, Morphine, Oxycodone, and Fentanyl. Prior committees created the “drugged” driving column. The “drugged” driving column should be used for the other RCS cases. The suggested guidelines for “drugged” driving to be used as a starting point together with consideration of the type of drug used as noted in the aggravating and mitigating notes on this page.

DRIVER IMPROVEMENT AND SAFE RIDE PROGRAM SURCHARGES: (1) a person who fails to pay the Driver Improvement Surcharge or the Safe Ride Program Surcharge within 60 days is subject to license suspension under §343.30(1z); (2) the surcharge may not be satisfied through community service work. .

### MITIGATING AND AGGRAVATING FACTORS TO BE CONSIDERED IN SENTENCING

#### MITIGATING FACTORS:

\*Age of prior OWI/PAC Offense/Conviction; \*Pre-conviction assessment and treatment; \*Verifiable consistent sobriety; \*Good driving record; \*Minimal poor driving; \*Cooperation with authorities; \*Positive attitude/steps toward problem recognition; \*In “drugged” driving cases-pre-conviction problem recognition on treatment.

#### AGGRAVATING FACTORS:

\*Poor driving; \*Accident or injury involved; \*Poor prior driving record; \*Lack of remorse; \*Recent prior OWI/PAC Offense/Conviction; \*Combination of alcohol and controlled substance abuse; \*Operating without valid driving privileges (i.e. OAR, OAS, OWL, HTO); \*Circumstances of consumption (Binge drinking, amount consumed, medication use, etc.); \*Poor/limited problem recognition as evidenced by prior treatment history or lack thereof; \*Uncooperative/belligerent/violent toward arresting officer; \*Prior uncounted offenses for OWI/PAC; \*Failure to comply with obligations under Wisconsin’s Implied Consent Law, \*Passenger in vehicle; \*If “drugged” driving is substance heroin, opioid or methamphetamine, with an understanding that opioids now have separate column and would therefore have the other aggravating factors. Also, \*If “drugged” driving is substance THC, it may be mitigated if the proximity of THC use to the operation of the vehicle is remote, making the use negligible in the operation of the vehicle.

## Modifications to OWI Guidelines

**July 7, 2023 modifications:** Increase in Driver Improvement Surcharge from \$435 to \$535 per 2023 Act 19 effective July 7, 2023

**Guidelines for Restricted\Controlled Substance offenses:** In recognition of the increase in Opioid related RCS cases; a column was created with suggested guidelines for “drugged” driving to be used as a starting point together with consideration of the type of drug used. The increase in RCS cases with defendants on the “NOD” causing the committee to separate Opioid RCS cases from other “drugged” driving cases giving them a more serious treatment, in line with high BACs as the effect of Opioids is similar to the high BAC. It is the intent of the committee for this new column to be used for Heroin, Morphine, Oxycodone, and Fentanyl.

**Added footnote language:** If there is a prior OWI outside 10 years, then mandatory IID for 12 months (regardless of BAC). Wis. Stat. s. 343.301(1g)(a)2.b

**Penalty Ranges Per Statute Grid Changes:**

- 5<sup>th</sup> – 6<sup>th</sup> Offense (Felony) now \$600 -\$100,000
- 10th Offense or Higher (Felony) now up to 50,000
